Answer ALL Questions
(10 X 10 = 100 Marks)

1.	Examine the relevance of Henry Fayol's 14 Principles of Management in modern management systems.	CO1	BL3
2.	Using Michael Porter's Five Forces framework, analyse the competitive dynamics of a chosen industry. Then, based on your analysis, identify and justify which of Porter's Generic Competitive Strategies would be most effective for a firm operating in that industry.	CO3	BL4
3.	Evaluate the strategic importance of performance appraisal systems in organisational effectiveness. Compare and contrast any four appraisal methods highlighting their strengths, limitations and suitability across different workplaces.	CO3	BL5
4.	Evaluate how different leadership styles might influence team decision-making processes. Use examples and identify potential strengths and weaknesses for each style.	CO3	BL3
5.	Evaluate the major factors needed to be considered to predict future demand for human resources. Investigate the forecasting methods which managers can follow to conduct this exercise.	CO4	BL6
6.	Critically evaluate the role of Artificial Intelligence in transforming business management practices. Assess its strategic impact across decision-making, operations, and innovation.	CO5	BL4
7.	Evaluate how Tata Motors can use the strategic planning process—including SWOT analysis, portfolio matrix, and Porter's Five Forces—to strengthen its competitive position in the Indian electric vehicle (EV) market. Propose strategic alternatives and justify the most viable option under conditions of uncertainty.	CO3	BL5

8.	Satya Nadella, CEO of Microsoft is known for leading his company to success. He has led the company to a new era focusing on cloud computing and AI. Present the style of leadership he has been following at Microsoft.		CO5	BL6
9.a)	Apply practically the following in a real world business or engineering organisation. i) Strategic planning ii) Tactical planning iii) Operational planning		CO2	BL4
	OR			
9.b)	Discuss how virtual organizational structures are applied in modern engineering or technology based organisations. Highlight the managerial challenges in coordinating virtual teams.		CO2	BL5
10.a)	Pfizer operates globally with complex R&D, regulatory, and marketing functions. Evaluate how matrix and virtual organizational structures help Pfizer manage cross-functional projects and global collaborations. Discuss departmentation, span of management, and line-staff authority in this context.		CO3	BL4
	OR			
10.b)	A fashion brand operates entirely online with designers, marketers, and IT professionals working remotely from different countries. Present the main challenges of managing a virtual organization? How can digital tools support coordination and culture-building in such an organization?		CO3	BL4
